Empowering Better Visualization

ClearSpec® is the New Standard of Care

- Better visualization for every exam
- Improves physician workflow
- Maximizes patient comfort

*New ClearSpec® LED Illuminator**

- Reposable high power LED light source
- Fits into the handle of the ClearSpec® speculum
- Provides more than 2 hours of light
- No more cords or recharging batteries

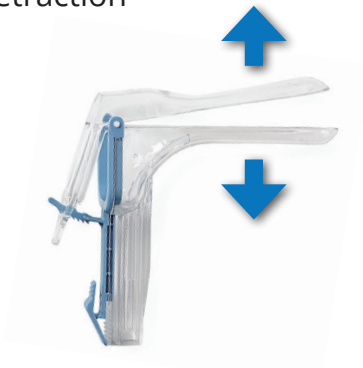

*Patent pending

Advanced Speculum Design

ClearSpec® is scientifically proven by an IRB randomized clinical study to improve visualization for every exam¹

The Problem

Standard Speculums only provide single-plane (superior/inferior) tissue retraction

The ClearSpec® Solution

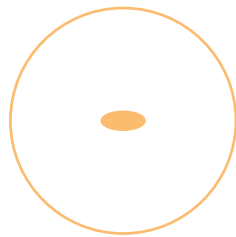

ClearSpec® Speculums offer multi-planar tissue retraction

The ClearSpec® Advantage

View of the cervix using a standard speculum

View of the cervix using ClearSpec®

MFG#	Item Descriptions	Additional Features	UOM
102	ClearSpec® Single Use Vaginal Speculum	Small, Graves Style, Non-sterile	25 ea/bx, 4 bx/cs
103	ClearSpec® Single Use Vaginal Speculum	Medium, Graves Style, Non-sterile	25 ea/bx, 4 bx/cs
104	ClearSpec® Single Use Vaginal Speculum	Large, Graves Style, Non-sterile	25 ea/bx, 4 bx/cs
105	ClearSpec® LED Speculum Illuminator	Battery Operated Light Source	1 ea/bx, 12 bx/cs

Not made with natural rubber latex.
